closed a nuisance and ordered removed was discussed by Council. An investigation of the thickets was made. It was reported that some of the lanterns placed at the washout on the street are danger signals, had been carried away.

Several gradings were examined on Green and Sycamore streets. In some places, a big cut was made to lay sidewalks to conform to grade, and this led to the declaration by Councilman Reynolds, that walls were being laid too rapidly and without sufficient investigation. Attention was called to the walk at Race and Sycamore, which was a couple of feet below the street grade. Planks had been placed there to protect pedestrians.

The members of council left on a 7:30 car for the washout on Race street. President Millard and Councilmen Loepley, Stoner, Brant, Clark and Decker were in the party. They were accompanied by Borough Engineer C. F. Hilt.

The lines of the West Penn Electric Company are gradually being put into shape after the storm. Five gangs of workmen averaging 20 men in a gang are at work. Manager Simpson of the Bell Telephone Company, said yesterday, his plant was in fair shape. He complained of the lack of labor. All reserve men of the telephone and electric companies are in the field, and men are said to be scarce.

Truckmen at the Davidson plant of the Frick coke company will probably finish the repairs today of damage to the trucks caused by the heavy rains. About a dozen places in the lary and coke trucks were washed out. The damage was only slight and not sufficient to stop the plant. A few ovens were put out.

## CUT KNEE BADLY COULD HARDLY WALK

Turned Into Running Sore Full of Pus. Red and Inflamed. Itching Very Bad. Cured by Cuticura Soap and Ointment. They Also Cured Him of Itching on Body.

608 Clearview St., Scranton, Pa.—

"I fell down on a pile of coal and cut my knee about an inch in length and almost a half of an inch deep. It turned into a running sore and got full of pus. It looked dark, and around it looked red and inflamed. I could hardly walk. Every time I touched it, it started to itch and hurt. The itching was very bad always. I tried different medicines on it but they did me no good. So I sent for some Cuticura Soap and Ointment and tried them and in a few days or a week I found relief. I noticed that the knee was feeling better and that it did not hurt and I could walk much better and easier. There was not so much of the pus coming out of it. In about three or four weeks the sore stopped running and was completely cured."

"I also tried Cuticura Soap and Ointment for itching on my body from which I could not sleep. I used several different kinds of salve without result. I took a few baths with Cuticura Soap and then applied the Cuticura Ointment at night and in a short time the itching stopped. Cuticura Soap and Ointment cured me." (Signed) Julius J. Fackel, Apr. 3, 1912.

Robert Burns the eminent Scottish Poet, died at Dumfries, Scotland, July 21, 1796. He was the age of thirty-three. He was a favorite among his people.

WE HAVE NO FAVORITES in the building material line. What has proved to be the best is what we order irrespective of the fact that we can buy others, claimed to be just as good, for less money.

OUR BUILDING MATERIALS, PAINTS, ETC., are the kind that make you glad you bought them, not the sort that makes you think ill of them and us.

**The Skin and Not the Blood.**  
 Until recently it has been a generally accepted theory that venereal disease is a disease of the blood. Science has disproved this theory. It is now known that venereal disease is a disease of the skin and not the blood. Merck's Bexone Remedy is applied directly to the diseased skin. The effect is marvelous and its results permanent. Do not delay trying Merck's Bexone Remedy.
